

Partner name:	Intent 4.0 IISS Marco Polo
Tool name :	Powtoon
Main objective of the tool (cf. category)	It is a cloud-based animation software (SaaS) for creating animated presentations and animated explainer videos.
Advantages of a tool:	<ul style="list-style-type: none"> - a blended learning environment - Creativity is unleashed and class content is more memorable and impactful - Co-teachers can easily collaborate and reuse templates again and again - Students can develop lifelong skills such as critical thinking, creativity, collaboration - Students help students learn through cooperative Projects while enjoying themselves
Disadvantages of a tool:	<i>you can try the subscription and the first try for free then you have to pay.</i>
Your own experience with a tool:	<i>It is a great tool for brainstorming ideas, for making the students think and communicate. Students have a lot of fun with this tool and enjoyed it. It has been also used for a pair and group work . It helps cooperative learning and creativity a lot</i>
Recommendations:	<i>You could use it in marketing lessons and more other projects in order to prepare and train the students on making choices, get organized, and work in groups</i>
Use for interdisciplinary teaching and training. (for team building, for creating mental maps to discuss, for self-evaluation, for decision making etc.)	<i>Yes, of course</i>
