

<b>Partner name:</b>	Vysočina Education
<b>Tool name:</b>	MIRO <a href="http://www.miro.com">www.miro.com</a>
<b>Main objective of the tool (cf. category)</b>	Online Tool for creating mind maps, sharing ideas, collaborating work of teams
<b>Advantages of a tool:</b>	It's online and as free access; All the work done stays in the account (cloud); Allows project sharing and collaborating on projects activities ; Easy to use, video - tutorial is included Very intuitive with well-known functions – chat, sharing screen, voting Support creativity and cooperation More people can work together on a mind map/task in the same time
<b>Disadvantages of a tool:</b>	Each one who wants to contribute must have an account A lot of e-mails is coming Only English version
<b>Your own experience with a tool:</b>	Very intuitive It gives a wide range of possibilities to build a mind map
<b>Recommendations:</b>	Ask all to make an own account 1 person must be a team leader and organize the others
<b>Use for interdisciplinary teaching and training.</b> <i>(for team building, for creating mental maps to discuss, for self-evaluation, for decision making etc.)</i>	Yes, it can be used. Teams might work on their mind maps, share and present
