

Padlet 1:

What type of technical equipment does your school have?	Do you already use an ERP system in your school?
<i>WIFI, beamer, bring your own device</i>	<i>Testing Navision right now</i>
<i>Many computer labs</i>	<i>Yes, JTL in E-commerce</i>
<i>WIFI, iPad classes, SAP for school</i>	<i>No</i>
<i>WIFI in every room</i>	<i>SAP for schools for two years</i>

Padlet 2:

Which new demands does the modern working world have concerning our students?	Where and how does process orientation happen in school? What could be possible cooperations?	How can we use business software (ERP) in class?
<i>Industry 4.0</i>	<i>We offer an optional SAP class for interested students. But interest in the class has been very low in the last years.</i>	<i>I am not sure if we should and are capable of teaching the use of ERP systems in school.</i>
<i>Understanding complex connections and thinking flexible</i>	<i>Doing interrelated projects in different subjects</i>	
<i>Digitalization, working with big data, know-how in project management</i>
